Dear Aux Sable Families:

I hope this message finds you well! We will be PARCC testing during two different weeks this year. Below is a breakdown of when teams will be testing for your planning purposes. During the testing times, attendance is of the utmost importance, and students will not be able to sign out of school once they begin a test.

Helpful hints: Remember, this test gathers data regarding student progress, and helps class placement in the future. Students are encouraged to do their best to show their level of learning at this point in their academic careers, but putting too much stock in one test or overly stressing out is not necessary. Just do your best and show off what you know! Students have all had an opportunity to do a practice test with their teachers, and they are well prepared. Here are some testing tips:

*-Be present and on time*

*-Get a good night's rest free of distractions, and eat a healthy breakfast.*

*-Bring headphones as some tests have audio/video, #2 pencils, a calculator, and a free read book*
