ROOM 239
MON. & WED. 3:00-4:00

SEL LEARNING

Through SEL, kids learn how to manage their emotions, set and achieve goals, overcome obstacles, develop social language skills, and develop healthy relationships--skills necessary to succeed in school, be prepared for the workforce, and lead positive and healthy lives.

The program will focus on self-management, self awareness, social awareness, decision making, relationships, and executive functioning skills.
